- date and number of vaccinations
- name of the vaccine used.,
- name of the illness against which the person was vaccinated.
- characteristics that allow to identify the person of institution that was responsible for the vaccination or the issuance of the certificate, such as an official seal, symbol or name.
- where necessary: details on booster vaccinations and the corresponding date.

More information is available on the [website of the Federal Ministry of the Interior](#).

Regulations at the Humboldt-Universität zu Berlin

From 4 June 2022, the internal COVID-19 regulations were lifted at the Humboldt-Universität zu Berlin. Visitors, staff and students do not have to wear a mask in HU buildings. It is however recommended to do so if a minimum distance of 1.5 m cannot be maintained or if persons stay together in a room for a longer period. We therefore ask that you wear a mask while indoors for the duration of the conference.

The university has a test center, located in the building at Dorotheenstraße 24, 10117 Berlin. There you can obtain a free lateral flow test (called 'Kostenloser Bürgertest' on the link below). It is best to register and make an appointment online before visiting:

<https://covid-testzentrum.de/berlin-hu/>

Results arrive via email in 15-30 minutes.

Transport

Public Transport

From BER International Airport to the city center:

There are very good public transport links from BER. You can travel by regional train, s-bahn (overground train), or bus:
